Participants: 2005 March for Tibet's Independence  
At the Massachusetts State House  
Park & Beacon Streets  
Boston, Massachusetts

Dear Friends:

On behalf of the World United Formosans for Independence–U.S.A., I've come to support you at the start of the 2005 March for Tibet's Independence. My Taiwanese–American colleagues will stand with you also at the end of this march on August 13 in New York City.

We join you in demanding that the Chinese government release the Panchen Lama, Tulku Tenzin Delek and other political prisoners and end the illegal occupation of Tibet. I am happy to report that twenty Taiwanese American organizations have rededicated themselves to boycotting Chinese products. We salute you for initiating the boycott ten years ago.

My Tibetan friends, the World United Formosans for Independence supports your cause. As a token of our solidarity with the International Tibet Independence Movement, the Tibetan Association of Boston and the Tibetan Youth Congress, I would like to present you with this banner advocating "CHINA OUT OF TIBET". (Presentation). My friends, this banner is made in Taiwan. It symbolizes the joining of hands of Tibetan and Taiwanese peoples.

Long Live Tibet! Thank you.

David Liu, Representing Bob I. Yang, Chairman  
World United Formosans for Independence–U.S.A.
